

Incredible

Opportunities Like No Other

INTERNSHIPS@SI

Who has the opportunity to delve into 19 museums, 9 research centers, surrounded by 30 million visitors a year and 137 million treasures to discover? You do, as an intern at the Smithsonian. We are the largest museum in the world but we offer internships that are out of this world.

From photography to photosynthesis, we've got something for you!

Prestigious, Not Exclusive

Intimidated? Don't be. We have panda bears, Muppets, and folk music — how scary could we be? Smithsonian internships are prestigious, not exclusive. With over 75 different internship programs we offer an incredible range of mentor-based guided learning opportunities. Visit our website and find out more.

Smithsonian founder James Smithson gave his fortune "for the increase and diffusion of knowledge"

Amazing Internships

In the American spirit, the Smithsonian is a universal lens that sparks the learning in everyone. As a steward for our nation's treasures, in our groundbreaking scientific research, and through our far-reaching educational programs — we are in the business of exciting the learning in everyone. Check out our internship programs and let us excite the learning in you.

Questions Come Alive at the new Smithsonian

OFFICE OF FELLOWSHIPS & INTERNSHIPS

POSTER FOR YOU

INTERNSHIPS @SI

How is hip-hop like the microchip?

When is it OK to drop the ball during an election?

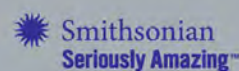

What masterpiece not only fills a room – it is the room?

What has given us water from Mars and daggers from India?

What is part man, part fish, and all latex?

What exactly does a bear do in the woods?

What can mimic a bug or whack you in the face to get what it wants?
